Dr Murage,

ICMART wishes to acknowledge the invaluable role that individual ART centers play in the annual global collection of ICMART data. We have generated the attached Certificate in order to express our appreciation. The certificate gives you the opportunity to openly display your participation within your center and on your website, thus creating visibility as an ICMART Contributor. We believe that it is a label of quality since national, regional and global monitoring form an important, transparent component of ART quality management.

We thank you for sharing your valuable experience and contributing the data of your ART center to ICMART in 2019.

Kind regards,

G. David Adamson, MD  
Chair

Fernando Zegers-Hochschild, MD  
Vice Chair
